Wenger Vieli has advised and assisted **CONET Technologies**, a portfolio company of **IK Partners**, in all Swiss legal aspects in connection with the acquisition of **emineo**, a Swiss IT consulting and software engineering company, with a focus on the design and implementation of informatics solutions and SAP services. With this transaction, the two software development experts and SAP Gold Partners are strengthening their market position in the DACH region.

The team was led by partner **Marc Walter** (m&a, pictured) and included **Michael Tschudin** (partner, competition), **Regula Elisabeth Haegi** (counsel, IT/Data Protection), both m&a associates **Cedric Fischer** and **Janica Wyss**, **Nathalie Germann** (associate, employment) and **Allegra Margelisch** (junior lawyer). **Renzenbrink & Partner** acted as lead counsel on all German legal and tax aspects of the transaction.
