The **MELB Luxe group**, owner of H. Moser & Cie, Hautlence and Precision Engineering, has invested in the capital of the Geneva workshop **Agenhor**. This minority investment is part of the integration process pursued by the family holding company. Founded in 1996 Agenhor (Atelier GENEvois d'HORlogerie) is an independent watchmaking specialized in the conception of complication movements and modules such as retrograde or astronomical indications.

[Altenburger](#), led by partner **Manuel Moor** (pictured) advised the Geneva watchmaking company **Agenhor** in all legal aspects of the transaction.
