Travizory Border Security [has secured a 2M investment round](#) led by **Atlantic Labs** at a moment when governments are looking for solutions to re-open their borders during the Covid-19 pandemic. Travizory is indeed working with several governments to enable the safe reopening of borders with help of its management platform, which provides seamless digital interactions between travelers and host countries.

Id est avocats [acted as legal advisor to Travizory](#). The team included partner **Michel Jaccard** (pictured) and **Léo Schönenberger**.
