**Baker Hughes** acquired **GE Inspection Robotics**, a Swiss-based joint venture of General Electric and the Swiss Federal Institute of Technology (ETH) Zurich specializing in the development of mobile inspection robots for large-scale power generation and industrial processing facilities.

**Homburger [acted as legal advisor to Baker Hughes](#) in this matter. The responsible partner was Claude Lambert (Corporate | M&A - pictured) and the team, led by associate Daniel Häusermann (Corporate | M&A), included counsel Peter Müller (Tax), associate Marc Bircher (Employment and Executive Compensation) and junior associate Daniel Madani (Corporate | M&A).**
