**Helveteq**, a Swiss issuer of ESG-transparent investment products, is launching a pioneering and unique solution for ecological and sustainable investments in gold. The company has issued and listed a new exchange traded product (ETP) on SIX Swiss Exchange allowing investors to make ecological and sustainable investments in physical gold. The Swiss Green Gold ETP constitutes an innovative investment solution for sustainability-orientated investors.

This ETP on sustainable gold is part of Helveteq's sustainable and ESG-transparent initiatives. This novel product combines several unique features in terms of structure and target market and aims to provide investors with a sustainable, accessible and secure solution for investing in physical gold.

[Baker McKenzie](#) advised Helveteq on all legal aspects in connection with the listing and issuance of the product. The team was composed of partner **Ansgar Schott** (financial services and capital markets, pictured), **Jan Lusti** (associate, capital markets), **Victoria Brammer** (trainee, capital markets) and **Andrea Bolliger** (counsel, tax).
