**Cimpress** had announced a private offering of Usd 200 million in aggregate principal amount of 7.0% senior notes due 2026 (the "new notes"). These ones will be issued as additional notes under an indenture, dated as of June 15, 2018, as supplemented, under which Cimpress previously issued Usd 400 million in aggregate principal amount of our 7.0% senior notes due 2026. The new notes will pay interest on a semi-annual basis.

**Baker McKenzie acted as legal advisor to Cimpress. The team comprised partners Martin Frey (m&a - pictured), Marcel Giger (capital markets), senior associate Philip Spoerlé (capital markets) and associate Marianne Müller (banking & finance).**
