

# PESTALOZZI WITH INVESTORS IN CONNECTION TO WISEKEY CONVERTIBLE NOTES FACILITY

*Posted on 29 September 2021*

**Category:** [Capital Markets](#)

**Tags:** [Christian Leuenberger](#), [Ex-Featured](#), [Monika Maric](#), [Pestallozzi](#)

Pestallozzi advises global institutional investors ("Investors") in connection with an amendment to the up to \$44,000,000 equity linked investment in WISeKey International Holding ("WISeKey") listed at SIX Swiss Exchange and with ADS traded at NASDAQ, agreed in June 2021 enabling WISeKey to invest further in the development of its WISe.Art NFT platform and the TrusteCoin token as demand for its Trusted NFT solution increases.

The amendment to the agreements provides WISeKey with early access to the remainder of its \$44 million convertible notes through the creation of four Accelerated Tranches, each of between \$2,000,000 and \$5,500,000. The additional funding of up to \$22 million, will enable WISeKey to gradually unlock increased financing to further its investment in the recently announced WISe.ART NFT platform and TrusteCoin.
