Sensient Technologies Corporation, a global manufacturer and marketer of colors, flavors, and other specialty ingredients, entered into an agreement to sell its Swiss subsidiary, **Sensient Imaging Technologies**, a supplier of high quality digital inks, and certain other international assets related to the production of inks to **Sun Chemical** and its parent company, DIC Corporation.

The team

Lenz & Staehelin **advised** Sensient Technologies Corporation in this transaction. The team was led by partner Andreas Rötheli (corporate and m&a - pictured) and included partner Florian Ponce (tax), as well as associates Ralph Kaufmann, Loïc Machado (both corporate and m&a), Sandrine Kreiner (employment) and Nathalie Adank (real estate).
