SCCF Structured Commodity & Corporate Finance, the Swiss-based trade finance expert, has issued short term tokenized notes to refinance a loan to a commodity trading firm active in biofuels.

The notes were tokenized using the CMTAT smart contract framework published by the Capital Markets and Technology Association (CMTA), with the help of **Taurus**.

Lenz & Staehelin advises SCCF in this transaction. The team includes partners **Jacques Iffland** (corporate and m&a, capital markets; pictured left) and **Ariel Ben Hattar** (FinTech / capital markets), as well as **Clément Bouvier**, **Yäel Nahmani** and **Stefan Schirm** (all corporate and m&a).
