The first edition of "Mergers & Acquisitions" co-edited by **Florian S. Jörg** (partner at [Bratschi](#), pictured left), **Urs Gnos** (partner at [Walder Wyss](#), pictured center) and [Schellenberg Wittmer](#) corporate/m&a partner **Lorenzo Olgiati** (pictured right) has just been published by **Helbing Lichtenhahn Verlag**.

This new handbook offers on 1300 pages a comprehensive practice-oriented coverage of the legal and practical issues that arise in today's private and public M&A transactions (in particular, private acquisitions, mergers and public takeovers of public companies) under Swiss law. Over 40 leading M&A practitioners concisely demonstrate the key aspects to be considered when planning, negotiating and executing M&A transactions and the pitfalls to be avoided. The work addresses a multitude of legal issues including prevention and resolution of post- M&A disputes as well as tax aspects and is complemented by numerous checklists, sample clauses, practical examples and references to the relevant Swiss case law.

**Schellenberg Wittmer** partners **Josef Caleff** (real estate/m&a), **Pascal Hubli** (corporate/m&a), **Marcel Jakob** (corporate/m&a), **Stefan Leimgruber** (dispute resolution), **Lorenzo Olgiati** (corporate/m&a), **Anita Schläpfer** (banking/finance), **Oliver Triebold** (corporate/m&a) and **Martin Weber** (corporate/m&a) have authored numerous chapters and thereby significantly contributed to this practical guide for legal counsel (inhouse and outside) as well as M&A professionals.
