**Niederer Kraft Frey** has advised **Bearmind** as Swiss counsel on its seed financing round led by **HH Equity Partners II**. The EPFL spinoff has secured CHF 1.3 million in the seed round that also included participation from **AVANTECA Partners**, **NP Consulting**, **Swisspreneur**, and several business angels.

Bearmind develops and commercialises in-built helmet sensors and software for brain injury prevention and performance monitoring, including real-time concussion risk assessment, in sports. Currently tested with the Swiss National League clubs, Bearmind's technology and products are adaptable to numerous sports and industries.

The **NKF** team was led by corporate/m&a partner **Karim Piguet** (pictured left), working with associate **Tania Luminuku** (corporate/m&a, pictured right).
