Niederer Kraft Frey advised **Clariant** in connection with its new CHF 450 million sustainability-linked syndicated revolving credit facility agreement with **Skandinaviska Enskilda Banken, Citibank, BNP Paribas, Commerzbank, Credit Suisse, Deutsche Bank** and **UBS** acting as bookrunners and mandated lead arrangers.

Clariant is one of the world's leading specialty chemical companies that contributes to value creation with innovative and sustainable solutions for customers from many industries. It has been the first sustainability-linked facility agreement for the company, which shows Clariant's commitment to its sustainability strategy.

The **NKF** team was led by partner **Philip Spoerlé** (pictured left), working with associate **Reto Seiler** (pictured centre), both corporate/m&a, finance, as well as partner **Markus Kronauer** (tax).
