Eksportfinans was established in 1962 to provide long-term financing for the Norwegian export sector. The company is owned by 23 banks operating in Norway (85 percent) and the Kingdom of Norway (15 percent). From 1978 to 2011, Eksportfinans managed the Norwegian officially supported export financing scheme under the OECD Consensus arrangement. The company is staffed by highly skilled individuals who manage its existing portfolio of loans, in addition to its other assets, liabilities and other commitments.

The Pestallozzi team included Nils Harbeke (Partner - Tax) and Noëlle Mathis (Senior Associate - Tax, pictured).
