In November 2020, PureFacts Financial Solution acquired Quartal Financial Solutions, Europe's provider of fee billing and commission solutions for the financial and insurance industries with clients in 15 countries across Europe, United States, Middle East, Africa, and the Asia-Pacific region.

PureFacts Financial Solutions, ranked as a WealthTech100 Company and Top 12 Canadian Innovator, is a WealthTech provider of fees, reporting and AI-powered predictive analytics solutions. With the acquisition of Quartal Financial Solutions, PureFacts Financial Solutions further strengthens its ability to provide mission critical, AI-driven and regulatory compliant fee solutions to its marquee clients and expands its global reach. By strengthening the core capabilities of both companies, together they will be able to provide the most powerful fee platform in the global financial marketplace.
