Niederer Kraft Frey advised Schweiter Technologies AG, a global group specialising in the field of composite materials and composite solutions in lightweight construction, on the extension of its PET foam production in Poland and the acquisition of a 40 per cent stake in JMB Wind Engineering (JMB).

JMB, based in Goleniów, Poland, is a leading company in core materials kit design and production, mainly for wind turbines, with operations in Poland and Portugal.

## The team

The NKF team was led by Corporate/M&A partner **Manuel Werder** (pictured), working with associate **Mark Grieder** (Corporate/M&A) and partner **Nicolas Birkhäuser** (Antitrust/Competition).
