

# VISCHER ADVISED SNYK ON THE SWISS LEGAL ASPECTS OF DEEPCODE'S ACQUISITION

*Posted on 9 February 2021*

Category: [Deal & transactions](#)

Tags: [Adrian Dörig](#), [Aleksandra Simic](#), [Christian Wyss](#), [Christoph Niederer](#), [Florian Angstmann](#), [Jonas Gassmann](#), [Marc Ph. Prinz](#), [Michel Stübi](#), [Patrik Fisch](#), [Peter Kühn](#)

**Snyk**, the provider of Developer-First Cloud Native Application Security, has taken over **DeepCode**, a spin-off from ETH Zurich that offers semantic code analysis in real time based on artificial intelligence. The transaction was completed on November 5, 2020.

**VISCHER [advised Snyk on the Swiss legal aspects of this transaction](#)**, while Cooley (UK) acted as lead counsel. The team, led by partner Adrian Dörig (Corporate Finance - pictured) included Peter Kühn (Counsel, Corporate / M&A), Michel Stübi and Florian Angstmann (Associates, Corporate / M&A), Aleksandra Simic (Junior Associate, Corporate / M&A), Christian Wyss (Partner, IP), Jonas Gassmann (Managing Associate, IP), Marc Ph. Prinz (Partner, Employment), Florian Schaub (Senior Associate, Employment), Christoph Niederer (Partner, Tax) and Patrik Fisch (Associate, Tax).
