The US data compliance provider **Steele** has acquired the Swiss **Info4C**, a global provider of high-quality compliance information. With this acquisition, Steele strengthens its position as a leading risk intelligence data platform for identifying and mitigating compliance risk.

**VISCHER [advised Steele Compliance Solutions](#) on the Swiss law aspects of this cross-border transaction. The team was led by Matthias Staehelin (pictured) and Moritz Jäggy with Sebastian Flückiger and Pauline Pfirter (all Corporate). Partners David Rosenthal (Data Privacy) and Nadia Tarolli (Tax) assisted as well.**
