In the course of a strategy to bundle end-to-end hosting management and infrastructure services at one single managed service partner (1-MSP), **ABB** has entered into a global outsourcing agreement with Tata Consultancy Services (**TCS**) to foster cloudification, automation and cost effectiveness of its group-wide data center operations.

The team

Walder Wyss [advised ABB](#) in the design and negotiation of the contractual framework during a competitive tendering process. The team was led by partners Michael Isler (pictured left) (Partner, IP/IT) and Didier Sangiorgio (pictured right) (both ip/it) and included senior associate Caroline Gaul (ip/it), associate Annemarie Lagger (ip/it), partner Ueli Sommer (employment), associate Nathalie Möri (employment) and counsel Jan Ole Luuk (tax).
