The **change management partner group** (cmp) joint forces with **CONSTELLATION ACADEMY** (CAG), a platform company of one of the investment funds managed by **CONSTELLATION CAPITAL**. Cmp will continue to operate independently in the market and concentrate on its core competencies – change and career counselling as well as adult education. CAG will benefit from cmp's more than 25 years of market presence in Switzerland as well as its competencies in coaching, training and consulting. This will also create an expanded range of training and coaching services for clients.

Founded in 1992, CONSTELLATION CAPITAL is one of Switzerland's leading investment firms that invests in medium-sized companies at eye level with entrepreneurs and founders.

[Walder Wyss](#) has acted as counsel to CONSTELLATION CAPITAL. The team has been co-led by **Urs Schenker** (counsel, corporate/m&a, pictured left) and **Rafal Szala** (managing associate, banking/finance, pictured right) and further included associate **Katrin Hagger** and junior associates **Maximilian Schwarzenberger** and **Milos Karic** (all banking/finance).
